

Hi!

We are looking for exhibitors for this year's Crater Gem and Mineral Show. Crater of Diamonds State Park is a destination park, because we are the only place in the world where the public can look for diamonds and keep them. The Mineral Show is in conjunction with our yearly Propector's Gemboree, which attracts a large crowd.

The show will run two days, Saturday and Sunday, May 21st and 22nd. Friday night will be for set up from 4:00 to 8:00 PM. The show will run from 8:30 to 4:30 on both days, and set up can begin as early as 7:30 AM on Saturday, if you make arrangements ahead of time.

Our booth prices have 3 levels:

Classroom: We will have our classroom available (it was the gift shop last year). It is air conditioned and secure, and has electricity and phone outlets for credit card machines. The cost is \$50.00 per 6 foot table. If you are interested in that area, I will send you the classroom layout, so you can choose your location.

Deck: The deck area of the Diamond Discover Center, just outside of the classroom. This was the location for the majority of the show last year, and it will again be available. We will charge \$40.00 per 6 foot table, and some limited electricity will be available, but no phone outlets.

Grassy lawn: For \$30.00 per 6 foot table you can have a grassy spot. We will have a large circus-type tent available in the grassy area next to the sidewalk out to the search area. We also will have a few spaces on the grass next to the sidewalk coming down from the Visitors Center to the Diamond Discover Center deck. For these grassy spaces we will have very limited electricity and no phone lines.

We hope that you will decide to join us. We allow two people per exhibit to search for diamonds for free from 4:30 PM to our closing time at 5:00 PM on each of the show days. To reserve a space or get more information, you can contact me through email or at 870/285-3116. Booth rental fees will be due by 8:30 AM on Saturday.

Please share this email with your membership, and pass it on to anyone else who might be interested in exhibiting at our show.

Regards,

Margi Jenks

Park Interpreter
